Subject: LWG Draft Final Baseline Human Health Risk Assessment

Chip and Kristine,

The Draft Final Baseline Human Health Risk Assessment (BHHRA) has been posted for EPA's review and comment at the following location:

PHCP Files | Documents Under Review | 2011-05-02_Draft Final BHHRA

Per prior agreements, the documents that have been posted include pdf versions of a clean copy of the BHHRA, redline/strikeout copies of revised text, and a table of responses to EPA's July 15, 2010 comments on the Draft BHHRA. In addition, the LWG will be providing a communication of additional changes that will be included in the Final BHHRA based on recent comments received from EPA that were not included in the current submittal due to time constraints.

Please contact Laura Kennedy or Cindy Ryals with any questions.

Thank you,

Laura Kennedy
